

Eleanore Garber, Judge

Family Court Division Five, Motion Hour (11:00 a.m.)

November 23, 2009

Attached are the preliminary rulings for the 11/23/09 Motion hour. Please note that these are not final rulings, only preliminary. If you have an objection to a ruling, you must appear at motion hour by 11:10 a.m. to voice your objection. Of course, if it is your motion, and the judge has indicated that the motion is to be signed, you still need to appear or contact opposing counsel to make sure there are no objections. Since only a very small percentage of the attorneys who regularly practice in Family Court are on this list, if you contact opposing counsel about the preliminary rulings, please notify him or her about any request the judge may have (such as MCD to be filed within 15 days).
